

Items to Take Over The Phone

Department: Customer Excellence- Post Production

Contacts: Manager or Training Team

See the end of the document for the [revision history](#).

It is the responsibility of all employees to comply with all written procedures including the procedures documented herein. Printed copies or copies saved to personal drives are for reference only. Please refer to the electronic copy for the latest version. Failure to comply may lead to disciplinary action, up to and including termination.

Purpose: To provide guidance on what information is acceptable to take over the phone with verified callers.

Considerations:

Joint Ownership:

- For TOVs, LIBR Resets, and Address Changes:
 - If joint owners are spouses, only one is required to be on the phone to make a request
 - If joint owners are not spouses, both owners are required to be on the phone to make a request
- For all other tasks:
 - Both owners are required to be on the phone to make a request/update

Spousal Consent:

- If 'Yes' is stated in the below table, please ask to speak to the client's spouse. Confirm the spouse's name and that they are okay with the request.
 - If the spouse is not available, we cannot complete the request over the phone. The client can call back later with their spouse, or we can send a form to have completed and signed by both spouses.

NIGO Items:

- Verify the information that was missing from the form with the client
- Complete a new form with all the required information
 - This does not apply to tax withholding changes. If client is wanting to change their tax withholding only, Create a Task in Infinitie. No new form is needed.
- Upload/Prod Image new form to workflow (OPUS or Infinitie depending upon department) for processing
- Note the contract
- [New Business Items to Take Over the Phone vs Corrections](#)

Requests to Cancel a Processing Request:

- If a request was initiated by the agent (who was authorized to make the request on behalf of the client), either the agent or client can request to cancel the request. If the agent cancels, a quick callout must be made to the client to confirm before cancelling.
- If the client initiated the request, only the client can cancel the request

Service Only Agents:

- Agents with a Service Only Agreement can take all actions on contracts as agents indicated by the chart below so long as they retain an active status

Address Changes

[Address Change Procedure](#)

Request	Client can provide	Agent can provide	Spousal Consent In CP state	Addtl Steps
